Challenge #164: Retail Therapy

ChristineB
Alteryx Alumni (Retired)

The solution to last week's challenge can be found [HERE](#).

Determine the items of clothing that have the highest average rating. In your analysis, include 1) only items of clothing that have at least 10 positive feedback reviews and 2) the five highest rated clothing items from each class.

The original data and its metadata can be found [here](#).

Kudos to [@Kenda](#) for checking her work (unlike the other early answering birds). I am in agreement with her.
