Challenge #132: When Will Community Hit 1,000,000 Posts?

JoeM

Alteryx Alumni (Retired)

Happy 3rd Anniversary Community! It has been a wild and crazy three years. Now let's see what the future of Community looks like. In the workflow, the data represents the number of posts posted on a monthly basis. Note that the first record contains a count of posts before 2017-01-01 and each record thereafter represents a month between 2017-01-01 and 2018-08-01. Your job is to forecast (ARIMA) in what future month Community will surpass the 1 Million post milestone using the high end of the 80% confidence interval (because we are optimists). Sound off what you got!

An Anniversary Worth Celebrating

Post updated (new expected answer matching above users)! I forgot to include the monthly data as a part of the running total.
