## Challenge #301: New Year's Resolutions

A solution to last week's challenge can be found [here](#).

Did you make any New Year's resolutions? Do you think you will stick to them? Every year, people around the world start their new year by setting resolutions aimed at improving their lives. Using the following dataset with information from a survey of 1,075 adults conducted from November 28 through December 4, 2018, by The Marist Poll, find the answer to these questions:

1. What were the top 3 New Year's resolutions for 2019?
2. What percentage of fitness-related resolutions (exercising more, losing weight, eating healthier and improving health) were made by suburban men and women?
3. Which group of people were most likely to keep their resolutions in 2018?
