## Challenge #152: Finding Vehicle Counts

JoeM

Alteryx Alumni (Retired)

This week's challenge shouldn't provide anything too difficult, *per se*. What we need you to do is to simply find the 'count' of Blue Chevy vehicles in the Gypsum Hills region. Here's the twist: you are not allowed to use an Input Data tool, or a Summarize tool. Good luck!

Here's a small clue - do you know the name of this place:

Oh Canada...

one thing to watch for in this challenge - some tools are macros - for example, "Count Records" is a macro that uses the Summarize tool (and is therefore not allowed for use in this challenge).
