Challenge #31: Alteryx '16 Grand Prix (Race 2, L1)

GeneR
Alteryx Alumni (Retired)

I hope everyone is enjoying the Grand Prix series, last week's (challenge #30) solution is posted [HERE](#).

Here is the Scenario for this lap: With Inspire being held in beautiful San Diego, I'm planning on taking Friday off and trying out some of the world class surfing! Since it is summer, and I'm definitely a novice, I'd like to visit the surf sites in San Diego County that are appropriate for beginners and summer surfing season. Luckily, I found some datasets on the internet that provide this information.

The objective is to: Join the site characteristics to the site location data and identify the four locations that are appropriate for a beginner skill level surfing in the summer season.

*Remember to time yourself, contestants only had about ten minutes per lap.
