Challenge #309: Movie Catalogue

A solution to last week's challenge can be found [here](#).

The dataset is a short sample of Rotten Tomatoes's list of 100 best movies written by women. These are highly Certified Fresh films (nothing on the list falls below 94%) whose screenplay credit goes in part or fully to women.

The challenge is to create a PDF catalogue to create a list of 10 movies written by women. The catalogue must contain: name, cover, writer, synopsis, critics consensus, starring, director.
