Challenge #241: Friday the 13th

AYX Academy
Alteryx

A solution to last week's challenge can be found [here](#).

This Friday will be another *Friday the 13th*. Whether or not you consider yourself to be superstitious, odds are you're familiar with this dreaded calendar configuration.

But just how common are these occurrences? For this week's challenge, construct a workflow that provides a count of the number of Friday the 13ths for each year since 1900.

Bonus: Are there any years that don't have a Friday the 13th?

Quick, fun challenge, meaning the associated video is also nice and short: <https://www.youtube.com/watch?v=Tu587UuaMt0&list=PL18SpOXDj-KMUD4YwWC5vZaUsIa7drxNZ&index=45>
